## HOME OF THE HIL-MAN ERGO TABLE

**HIL-MAN** offers a 2-post adjustable height table for manufacturing work cells. All bases are ordered with a fixed position that can be retrofitted with an off the shelf adjustability kit. The adjustable height drive only requires 110v and has a standard 700# lift capacity.

We are happy to customize and automate processes! Call **HIL-MAN** for a base unit quote on this popular table with or without customization options.
